TERESA RECTOR SEMINAR

NOVEMBER 4-5 AND NOVEMBER 6-7, 2010

4 SESSIONS : The clinic hosts will determine what session each team will be put in. Based on who enters the seminar, several criteria come into play in the selection of what group a team is placed in including the dog's drive, the handler's familiarity with Theresa's foundation skills, competition level, weekly class level and general experience. One of the sessions will be an entry level session for teams with young or novice dogs who have not taken one of the previous seminars. Although priority will be given to those who have taken a previous seminar, we do invite those who have not to apply as we have increased the seminar by an entire session.

COST: \$350 FOR WORKING SPOT (includes unlimited auditing of other sessions) & \$175 FOR AUDITING
